

# New Jersey Dental School

## *Selective-Elective Program*

COURSE#: OMFS9905  
[ ] SELECTIVE  
[X] ELECTIVE  
TRIMESTER: WINTER

DEPARTMENT: **Oral & Maxillofacial Surgery**  
COURSE TITLE: **Clinical Hospital Oral and Maxillofacial Surgery**

### MAIN PURPOSE OF THIS COURSE:

Expand the clinical knowledge and experience of the senior dental student in Oral and Maxillofacial Surgery – including dentoalveolar surgery, operating room observation and assisting, and emergency room patient management.

### COURSE CONTENT: (See course outline attached)

1. Participate in morning rounds.
2. Treat patients in University Hospital OMFS Clinics
3. Assist in operating room cases in University Hospital
4. Treat patients along with OMFS residents in U.H. emergency room.

### OBJECTIVES OF COURSE:

1. Increase scope of experience in ambulatory dentoalveolar oral surgery
2. Provide opportunity to participate in the wider scope of oral and maxillofacial surgery by assisting in major cases performed in the operating room
3. Gain exposure to OMFS emergencies by working in University Hospital emergency room.
4. Learn postoperative patient management by participating in surgical rounds.

### EVALUATION OF STUDENTS:

Students will be evaluated on daily clinical performance. This will be done by daily supervising faculty in the Department of Oral and Maxillofacial Surgery.
