## **Selective-Elective Program**

COURSE#: REST9909  
[X] SELECTIVE  
[ ] ELECTIVE  
TRIMESTER: Spring

DEPARTMENT: Restorative Dentistry  
COURSE TITLE: A General Dentist's Approach to Delivering Prosthodontics Care

---

### **MAIN PURPOSE OF THIS COURSE:**

To present to dental students a simple, efficient, and "patient friendly" approach to Prosthodontics techniques and office management in a general practice office, which emphasizes Prosthodontics. A step-by-step approach to each discipline will be explained as well as financial considerations.

### **COURSE CONTENT:**

The course will be a lecture/seminar approach with a question and answer session. Cases will be discussed.

### **OBJECTIVES OF COURSE:**

The students in this course will:

- ❖ Be able to have a plan for each procedure in each dental discipline.
- ❖ Understand the dynamics of a multidisciplined office.
- ❖ Be able to apply efficient and "patient friendly" techniques in their practices.
- ❖ Be able to set-up an office in a cost-effective manner.
- ❖ Be able to utilize staff efficiently.
- ❖ Have a better understanding of what is required to enhance the success of a dental practice.

### **EVALUATION OF STUDENTS:**

Pass/Fail based upon attendance.

---
